

Meadow Acres Subdivision

Client: 2063334 Ontario Ltd.

Year: 2010-Present

SERVICES PROVIDED

This development is located in Warminster in the Township of Oro-Medonte and includes 71 residential lots. Construction of Phase 1 was started in the fall of 2014 and will include servicing for 17 lots on Keyzer Drive, utilities, road works and the Stormwater Management facility off Warminster Sideroad. Our design for the entire site includes approximately 1.7 km of roads with both rural (ditches) and urban (curbs) cross-sections, storm sewers and watermain. Due to outlet constraints, the Stormwater Management facility was designed to control both peak flow and volume, which resulted in a combined wet and dry pond complete with landscaping.
