

## River Edge Subdivision - Alliston

Client: Monarch Corporation

Year: 2005

### SERVICES PROVIDED

This exciting 132 unit residential development features a balanced mix of single family and townhouse dwellings located within the Alliston Secondary Plan area. The servicing infrastructure included a stormwater management facility with discharge to the Boyne River, a sewage pumping station designed to service 500 units, as well as a trunk sanitary sewer and trunk watermain with sensitive crossings of the CPR Railway Line and Boyne River. This new community fits in beautifully with the surroundings.

Key Staff: Bryan Stanton, Allan Brownridge
