

# Rosseau Lake Road 3 Bridge Rehabilitation

Client: **Township of Muskoka Lakes**

Year: 2012

## SERVICES PROVIDED

CCTA was retained by the Township of Muskoka Lakes in 2012 to inspect and design any necessary repairs to the existing single lane bridge. It was determined the existing laminated timber deck required replacement, the wing walls required repairs and the guiderail required complete replacement. In order to maintain access to the properties beyond the bridge, CCTA designed the restoration work, including segmental deck replacement, so it could be completed without closing the road. The project was completed in the fall of 2012 at a cost of \$0.1M.

Kay Staff: Ryan Mannings, Emma Wilkinson, Terry Smart, Bill Van Ryn
