

## Ski Club/Resort Communal Servicing

Client: Osler Bluff Ski Club

Year: 1989 - Present/Ongoing

### SERVICES PROVIDED

CCTA has provided engineering services to Osler Bluff Ski Club in support of their ongoing expansion and associated residential developments, for more than 20 years. Our services have included:

- Communal sewage system designs and upgrades
- Communal water supply and distribution system designs and upgrades
- Snowmaking water supply and storage reservoir designs and upgrades
- MOE Certificate of Approval and Permit to Take Water acquisitions
- MOE Permit to Take Water monitoring and compliance
- Preparation and submission of legislated annual sewage system operations reports and annual monitoring/water taking reports
- Overall site drainage and grading plans

CCTA continues to work with the ski club to improve their services to meet evolving municipal/provincial standards and to accommodate expansion as the resort grows.

Key Staff: Dan Hurley, Larry Hogarth, Mike Vallins and Jeff Akitt
