

## Hotchkiss Creek Master Drainage Plan Update

Client: **City of Barrie**

Year: 2011 - 2013

### SERVICES PROVIDED

This project involved updating the Master Drainage Plan Municipal Class Environmental Assessment for Hotchkiss Creek between Highway 400 and Kempfenfelt Bay. The update addressed improvements related to fisheries, control and conveyance of peak flows, flood elevations, drainage infrastructure improvements to address water quality and quantity issues and developing guidelines for future development/re-development within the watershed. This project involved circulation to key agencies including: the Lake Simcoe Region Conservation Authority (LSRCA), Ministry of Transportation (MTO), and Ministry of the Environment (MOE). The final draft report was submitted to the City in March 2013.

Key Staff: Jeremy Ash, Dan Hurley
